

FIREWALL

Certificate

Presented this 7th day of May 2022 to

Sophos Ltd.

Sophos XGS Series Firewalls

ICSA Labs is pleased to announce that the family of products named above attained certification following rigorous and thorough testing in the ICSA Labs Firewall Certification Testing Program.

A model from the family was recently tested against the requirements in version 4.2 of the ICSA Labs Corporate Firewall Testing Criteria.

At least one model from the family named above remains continuously deployed at ICSA Labs where it may be subjected to ongoing testing.

Darren Hartman

Darren Hartman, General Manager, ICSA Labs

Barring decertification during continued testing, this certificate is valid through May 6, 2023
